

Remember to... Refract, Review & Refer

Please enter the details below of your local Sight Loss Charity:

Name: _____

Tel: _____

Email: _____

Website: _____

Address: _____

Sight Loss Charities provide advice, activities and support services to people with visual impairments. The types of service each service provides will vary throughout the United Kingdom. It is important you establish what is available to your patients within your local vicinity. Find your local sight loss charity by visiting www.visionary.org.uk/charity-locator

Please enter the name of your local Eye
Clinic Liaison Officer (ECLO)

Name: _____

Tel: _____

Email: _____

Address: _____

ECLOs provide emotional/practical support, information and referrals to services that can enable and empower people with sight loss. ECLOs are usually based within eye clinics, however not every area currently has coverage. To find your local ECLO visit www.rnib.org.uk/sites/default/files/Register_of_ECLOs.docx

Low Vision Assessment Service:

Name: _____

Tel: _____

Email: _____

Address: _____

A Low Vision Assessment Service offers a wide range of equipment including hand held magnifiers in a variety of shapes and handles (including those with in-built illumination) and stand magnifiers. They can also establish which low vision aids would be most useful including large buttoned telephones, talking watches and liquid level indicators to help increase independence in the home.
